Ohio Death Certificate Request Form

COPY CHARGES: The fee is \$7.00 per request/name, which includes copies and postage. Ohio residents must include 7.5% sales tax (Multiply total order by .075 to calculate tax). We can only accept prepaid orders with check or money order payable to the Ohio History Connection. Please do not send cash. The fee covers the cost of the staff time to do the search, so we cannot provide a refund if a certificate is not found.

AVAILABILITY: The Ohio History Connection holds Ohio death certificates from December 20, 1908, through 1963. A partial index to certificates filed from 1913 to 1944 and 1954 to 1963 is maintained on the Ohio History Connection website: <http://resources.ohiohistory.org/death/>

For death certificates from 1964 to the present, please contact The Ohio Department of Health Division of Vital Statistics. Please note that we cannot provide certified copies of death certificates. Certified copies are only available through the public health department where the death occurred.

For the above copy charge to apply, each request *must* include full name of decedent (no variant spellings), year of death, and *at least one* of the following: month/day of death, place of death, or certificate number. For requests where the above information cannot be provided, please refer to our Death Certificate Research Request form.

Please list names in date order, earliest to latest. Multiple page requests must be kept in date order.

	Full Name	Year of Death	Month/Day	County/City	Certificate #
