

Death Certificate Copy Online Ordering Instructions

1. Go to http://resources.ohiohistory.org/death/search_dc.php and type in the name, county, and year of death if known. Please note the ordering information that is listed farther down on the page. Click on the Search button.

The screenshot shows the Ohio History Connection's website interface. At the top, there is a navigation bar with the logo and links for Home, Search, Research Resources, and Archives & Library. Below the navigation bar, the page title is "Search: Death Certificates". The main content area features a search form with the following fields:

- First Name: Thomas
- Last Name: Butler
- County: All Counties (dropdown menu)
- Date Filter: 1954 to 1963 (range selector)

At the bottom of the form, there are two buttons: "Clear" and "Search". The "Search" button is highlighted with a red circle.

Below the form, there is a message: "Thank you for visiting the Ohio History Connection's Ohio Death Record Index Search page. Please refer to the menu below if you have specific questions about using the index. Please visit the FAQ section for additional information."

Tip: If the search comes up empty, try expanding the date range, leaving off the first name or county, truncating the last name, or trying a different spelling. Use the married name for married and usually for divorced women. Not all available certificates are listed in the online index due to errors and omissions, but you can still order them online. If you can't find the name after trying these suggestions, go to <http://resources.ohiohistory.org/death/request.php> and follow the instructions.

2. If you find the certificate you want, click on the box to the left of the name to add it to your shopping bag. You can either go back to http://resources.ohiohistory.org/death/search_dc.php to search for more names or click on “view bag” in the upper right-hand corner to start the checkout process.
